

How to Drop the Lowest Grade(s) in Moodle

Moodle allows you to drop the lowest grade(s) from a category of activities/items in the gradebook. Follow the instructions below to begin this process.

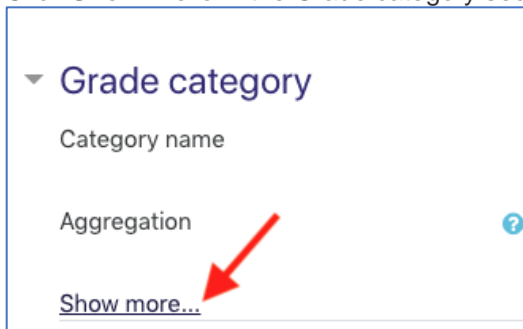

1. Navigate to the course homepage.
2. Click the gear icon in the upper right and select **Gradebook Setup**.

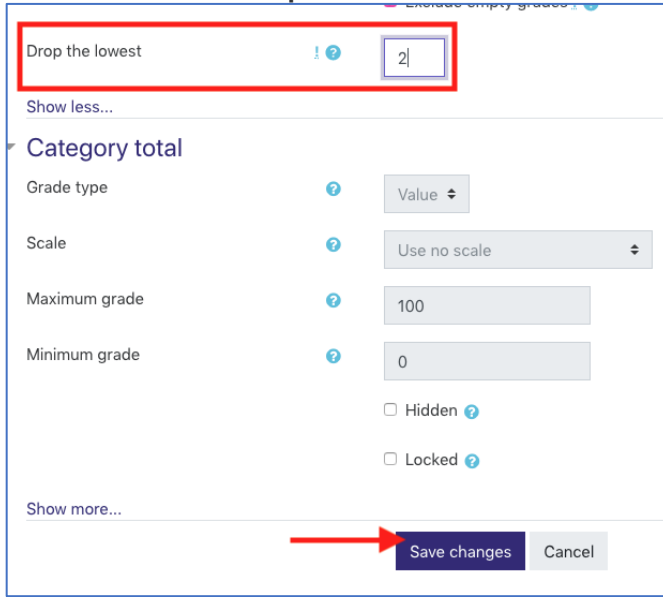

3. Go to the category row and click **Edit** then **Edit Settings** in the Actions Column.

4. Click **Show more** in the Grade category section.

5. Enter a value in the **Drop the Lowest** textbox and select **Save changes** at the bottom.
